

July 2022

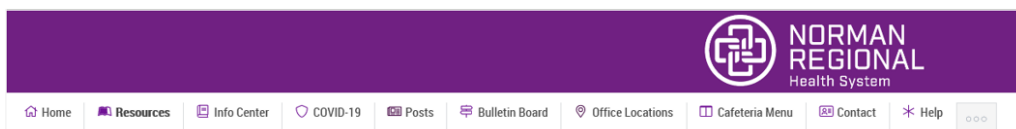

Please enjoy our monthly newsletter provided to keep you informed and up-to-date on our Inspire Health project progression! This newsletter will provide a recap of recent events and highlight upcoming milestones for the HealthPlex, Free-standing Emergency Department Plus, and our Porter Campus revitalization and construction projects.

HealthPlex

Floor plans for Level 2 of the new HealthPlex Campus

- Our department Super Users continue to work with our team from CBRE around our Transition and Activation activities.
- The transition and activation work consists of understanding the differences between the current and future state due to the changes in locations, technology, equipment, department adjacencies, and all other components
- The education and training support is completed to ensure all staff, both clinical and non-clinical, are ready and confident for Day 1 of operations!

All Resources can also be found in the Libraries tab

Super Users can access important project information via the 'Inspire Health Project Hub' (the link can be found on the Healer Hub 'Resources' tab)

Norman Regional Nine – First Patient Day Currently: Monday, October 24, 2022

- CBRE is working with the Super Users to continue our preparations for our first patient day at Norman Regional Nine scheduled for October 24, 2022
- Mark your calendars for Norman Regional Nine's community open house from 10 a.m. to noon Saturday, October 22, 2022
- The Inspire Health leadership team is tracking the last remaining items—major medical equipment, office supplies, etc.—to assure we are ready to start the transition activities starting August 8, 2022

- **The City of Norman has erected a construction fence around the future site of the Senior Wellness Center**
- We currently have, when needed, 150 additional parking spaces and will work to secure any additional parking as needed

Be sure to visit <https://inspirehealthok.com> for more information!

Looking forward,

John P. Manfreda

Chief Operating Officer
Norman Regional Health System
