75 Years of Lifesaving Care

There are several activities,
events and promotions planned
to look back at Norman
Regional's 75-year legacy.

Events include:

June 4: Norman Regional Health
Foundation's Ambassador Ball
at the Embassy Suites Hotel &
Conference Center in Norman.
Please contact the Foundation
for details.

June 7: Norman Regional Health
System's 75th Anniversary
Celebration at Norman Regional
Hospital, 901 N. Porter Ave. Join
as we look back on our legacy of
lifesaving care.

Nicole Garber, APRN is a board certified nurse practitioner. Nicole is a member of the Norman Regional Wellness Clinic and offers her patients a compassionate listening ear and thorough individualized care.

"I've always been interested in helping others," Nicole said. "As a registered nurse, I had the opportunity to provide comfort to patients and their families. I chose family practice to have the opportunity to diagnose, treat, and manage acute and chronic illnesses as well as to offer continued care for my patients."

Nicole and her husband, her high school sweetheart, have a son and daughter. She loves crafting, traveling and outdoor activities such as skiing and hiking. As her family is renovating their home in the country, Nicole is also learning to raise chickens.

You can make an appointment with Nicole by calling the Wellness Clinic at 405-912-3900. The clinic is located at 2605 S.W. 119th St., Suite B Oklahoma City, OK 73170.

Debbie Strickland, APRN-CNP completed her Master of Science in Nursing at the University of Alabama. She is a board certified nurse practitioner. She is a member of The Institute for Functional Medicine and the American Academy of Nurse Practitioners. Debbie is located at the Norman Regional Primary Care Moore clinic.

Debbie said her patients can expect her to look at the whole picture to uncover the roots of the patient's ailment. This allows her to create and implement a comprehensive shared plan of care. Her overall goal is to help her patients achieve their optimal level of functioning and health by integrating healthy lifestyle modification, replacement of hormones and vitamin/mineral deficiencies, and medication if needed. She encourages her patients to be engaged and involved with their plan of care.

A life-long learner, Debbie enjoys learning about complementary options for health. She also enjoys riding bikes, hiking, working outdoors, reading and spending time with family and friends.

To make an appointment with Debbie please call Primary Care Moore at 405-912-3120. The clinic is located inside Norman Regional Moore at 700
